Chairman Julius Genachowski  
Federal Communications Commission  
445 12<sup>th</sup> Street SW  
Washington, D.C. 20554

SUBJECT: MB Docket No. 10-56

Dear Chairman Genachowski & Commissioners:

I am writing concerning the proposed joint venture between NBC Universal and Comcast currently under review by the Commission.

Comcast has provided a steady source of investment that not only creates jobs, but cultivates small businesses by making the latest broadband technologies available. They have proven this by teaming up with local business incubators, educational institutions and multiple foundations to address the digital issues that are challenging the community. Comcast, as a corporate citizen, has been an ideal partner in every respect, and feel confident that Comcast will continue that same dedication to the City of Fresno.

Recently, Comcast has shared its plans for expanding the availability of locally-produced and community-focused TV content in Fresno. We believe the partnership of Comcast with NBC Universal has the potential to provide our citizens with opportunities to communicate and connect with one another in exciting new ways.

For these reasons, I hope you approve the joint venture application without further delay. Thank you and your colleagues for your leadership on these important matters.

Sincerely,

Mark Scott  
City Manager
